

New Video Showcases Hospice & Home Care of Alexander County

Hospice & Home Care of Alexander County, Inc. is pleased to unveil a new video that highlights the quality end of life care and services available to residents of Alexander County in the comfort of their own home. The video is a testament to Hospice & Home Care of Alexander County's commitment to helping both patients and their families live life to its fullest with optimal comfort and support.

Hospice of Alexander County provides care for patients, and their families, who have a life expectancy of six months or less. Hospice strives to bring the highest **quality** of life possible to whatever **quantity** of life is remaining. Hospice & Home Care of Alexander County, Inc. is licensed not only as a hospice, but as a home care agency. Home Care provides in-home assistance to individuals who, due to medical conditions, need help with routine daily activities.

"The video was developed," says Lisa Caviness, Public Relations/Marketing Coordinator, "to increase community awareness regarding the unique needs people face as the end of life nears...to dispel myths about hospice care...and to encourage the residents of Alexander County to utilize the resources available through their local hospice when facing the final season of life."

The video was produced by Blue Monkey Media (BlueMonkeyMediaOnline.com), along with talented collaboration and contributions by Carol Davis (106.9 The Light-Radio Host), Micah Henry (still photography), and Shelba Pruett (personal testimony). "We are so grateful for their generous contributions, and the role they have played on the hospice team!" continues Caviness.

Copies of the video will be distributed to local churches and the medical community serving Alexander County residents. The video may also be viewed on the hospice website. If you would like a dvd of the production to share with your family, religious, business or civic organization, contact Hospice & Home Care of Alexander County, Inc. at 828.632.5026 or visit www.hospiceandhomecarealexander.org/video.html.
